

HARRIS INCIDENT

MEDIA RELEASE

Release Date: Saturday, October 27, 2007 3:00 p.m.
Harris Fire Information Line (619) 449-1462

All Evacuation Orders And Warnings Will Be Lifted For The Harris Fire Effective Saturday, October 27, 2007 at 3:00 p.m. This includes the following previously evacuated areas:

- Carveacre Region
- Lawson Valley Region
- Jamul Region
- Potrero Region
- Tacate Region
- Dulzura Region
- Barrett Junction Region
- Engineer Springs Region
- Deerhorn Valley Region
- Indian Springs Region

These areas of the Harris Fire are open to residents only.

There are no Evacuation Warnings or Evacuation Orders left in effect on the Harris Fire Incident.

Residents evacuated from these areas as a result of the Harris Fire will be allowed to return home after 3:00 p.m. today.

Road closures still in effect due to road work:

- Highway 94 at Barrett Smith East
- Highway 188 and Highway 94

Important information for re-entry into these communities:

Residents who live in the previously opened communities of Tecate and Potrero must continue to access their properties from the east due to road work required on Highway 94.

Representatives from the American Red Cross will be available in the area for support.

For additional information on the Harris Fire contact Harris Fire Information Line at 619-449-1462 or at the CAL FIRE website at www.fire.ca.gov.

All Fire, Law Enforcement, State and Local Government Agencies would like to extend their gratitude to the citizens of these communities for their patience and support during this Major Disaster.

Howard Windsor, Incident Commander
CAL FIRE Incident Command Team #9
